

Blue Rose Cabins Stay Checklist

- Find the email that was sent to you the day you booked with the directions right to your cabin and directions on how to get into your cabin. Print it out and take it with you. We send you everything you need to get to your cabin and check yourself into your cabin. Show up whenever you want after 3 pm.
- Bring your groceries, drinks, coffee, and any spices you will need.
- Bring firewood if you want to have a fire in the outdoor firepit or fireplace. The Rosebud cabin is the only cabin with a woodburning fireplace. Most gas stations and Walmart usually have firewood for sale.
- All of our cabins have propane gas grills and we provide the propane gas tank. Please don't bring a bag of charcoal and put it in one of our gas grills (yes, this means it has happened, and more than once!).
- Bring any special dishes or utensils that you want to use, we provide the basics as far as dishes, glasses, pots and pans.
- Please bring your camping chairs to sit around the campfire.
- A beach towel for the hot tub. We provide regular size towels but a big beach towel is better to dry off/cover up after sitting in the tub.
- Please do not bring candles. We do not allow candles due to the fire hazard.
- Bring your hot dog skewers or you can go old school and bring your pocket knife and make one from a small branch.

- Bring your soap and shampoo for a shower, we do not provide either soap or shampoo for a shower.
- Enjoy your stay!
